

Grespresso collection

«At COSTA NOVA, we understand the importance of creating memorable experiences in hospitality, where coffee often takes center stage.»

(Miguel Casal, Founder and CEO at COSTA NOVA)

COSTA NOVA's Grespresso collection was designed to elevate the coffee experience, offering a diverse selection of sizes, colors, textures, and styles. These cups, crafted intentionally without handles, are perfect for serving the world's favorite beverage. But beyond their main purpose, the Grespresso collection proves its versatility.

Thanks to its design and range of options, these cups are ideal for professional settings, easily adapting to serve multiple functions. Whether used for espresso shots, small desserts, or unique presentations, they go beyond coffee service.

First introduced in 2018, the Grespresso collection expanded in 2022 with Grespresso Ecogres, incorporating eco-friendly materials. We are now excited to broaden the collection further, offering more colors, materials, and designs - ensuring your service is not only visually appealing but also environmentally conscious.
