This collection is designed to offer creative combinations for professionals. Tall plates can double as lids, while wooden cutting boards become plates or covers for bowls. Flat plates paired with matching wooden ones create new ways to present casual dining dishes. These combinations open fresh possibilities, like bento-style setups, aperitif presentations, relaxed brunches, and sharing experiences.

«Coastland was inspired by the aesthetics of landscapes between sea and land. The material aesthetic responds to the material beauty of the coasts, beaches, and dune landscapes. The magical area in between, full of soft natural colors, nuances, and strong contrasts. Between the vastness of the sky above the sea and the intense beauty of the hinterland. An imaginary walk from the sea to the land.»
