

With its soft and scalloped edges, the Mallorca collection resembles ocean waves and beach shells, an exquisite and romantic look that is perfect for both indoor and outdoor dining environments. The reactive glazes of sand-beige and sea-blue provide individuality to the food presentation.

SEA BLUE (SEA)

SAND BEIGE (SND)

high
performance

Mallorca combines a rim with a high degree of chip resistance and a glaze conceived to prevent metal marking. It exhibits high resistance to impact (0.11 J to 0.16 J), as well as metal marking and food staining.
